Subject Index—Volume 13, 1989

A

Antibiotics
- perioperative antibiotic prophylaxis in cardiovascular surgery: a prospective randomized comparative trial of cefazolin versus ceftriaxone (Soteriou et al.), 798

Aorta
- chronic traumatic aneurysms of the thoracic aorta (Thévenet and Du Cailar), 112
- prognosis of patients over 75 years of age with a ruptured abdominal aortic aneurysm (Salo et al.), 484

B

Bile Ducts
- proximal stenosis of the bile ducts: results with a new surgical endoprosthesis (Sezeur et al.), 100
- malignant jaundice: results of diagnostic and therapeutic endoscopy (Soehendra et al.), 171
- biliary concrements: the endoscopic approach (Rosseland and Osnes), 178
- dynamics of bile flow through the human choledochal sphincter following exploration of the common bile duct (Holdsworth et al.), 300
- limitations of percutaneous transhepatic cholangioscopy in the removal of complicated biliary calculi (Jeng et al.), 603

Breast
- the status of breast cancer screening: a quarter of a century of research (Shapiro), 9
- the surgeon's role in breast screening (Forrest), 19
- the biology and natural history of breast cancer from the screening perspective (Holmberg et al.), 25
- symposium—benign breast disorders: fibrocystic disease? nondisease? or ANDI? (Hughes), 667
- benign breast disease: the cost of the service and the cost to the patient (Baum), 669
- the endocrine basis of benign breast disorders (Dogliotti et al.), 674
- nonendocrine theories of the etiology of benign breast disease (Minton and Abou-Issa), 680
- radiological evaluation of benign breast disorders (Gravelle and Lyons), 685
- the use of ultrasound in benign breast disorders (Guyer), 692
- management of breast pain and nodularity (Maddox and Mansel), 699
- fibroadenoma (Dent and Cant), 706
- breast macrocysts (Hughes and Bundred), 711
- periductal mastitis/duct ectasia (Dixon), 715
- sclerosing adenosis (Preece), 721
- benign disorders of the male breast (Webster), 726
- benign breast disease in the postmenopausal woman (Devitt), 731
- management of nipple discharge (Leis), 736
- benign breast disorders in nonwestern populations: part I—benign breast disorders in Chinese women (Alagaratnam and Wong), 743
- benign breast disorders in nonwestern populations: part II—benign breast disorders in India (Shukla and Kumar), 746
- benign breast disorders in nonwestern populations: part III—benign breast disorders in northern Nigeria (Onukak and Cederquist), 750
- management of breast abscesses (Benson), 753
- noncosmetic operations for benign breast disease (Hadfield), 757
- aesthetic surgery for benign disorders of the breast (Carlson and Bostwick), 761

C

Cancer Screening
- symposium—progress in cancer screening (Adami and Holmberg), 1
- quantitative approaches to the evaluation of screening programs (Day), 3
- the status of breast cancer screening: a quarter of a century of research (Shapiro), 9
- the surgeon's role in breast screening (Forrest), 19
- the biology and natural history of breast cancer from the screening perspective (Holmberg et al.), 25
- screening for gastric cancer (Hisamichi), 31
- screening for colorectal cancer: a critical review (Hardcastle and Pye), 38
- do all colorectal carcinomas arise in preexisting adenomas? (Jass), 45
- current status of tumor markers in large bowel cancer (Moore et al.), 52
- progress and problems in screening for carcinoma of the prostate (Chodak and Schoenberg), 60
- screening for carcinoma of the prostate: efficacy of available screening tests (Thompson and Fair), 65
- screening for cancer of the cervix uteri (Lynge), 71
- screening for cancer: state of the art and prospects for the future (Miller), 79

Carcinoid
- repeated hepatic ischemia as a treatment for carcinoid liver metastases (Persson et al.), 307

Cephaloceles
- cephaloceles: classification, pathology, and management (David and Proudman), 349

Cervix Uteri
- screening for cancer of the cervix uteri (Lynge), 71

Choledochal Cyst
- choledochal cyst resection and reconstruction by biliary-jejuno-duodenal diversion (Moreno González et al.), 232

Cirrhosis
- prophylactic sclerotherapy in nonalcoholic liver cirrhosis: preliminary results of a prospective controlled randomized trial (Russo et al.), 149

Colon
- screening for colorectal cancer: a critical review (Hardcastle and Pye), 38
- do all colorectal carcinomas arise in preexisting adenomas? (Jass), 45
- current status of tumor markers in large bowel cancer (Moore et al.), 52
- the role of heredity in the etiology of large bowel cancer: data from the Melbourne colorectal cancer study (Kune et al.), 124
- colorectal carcinomas: diagnostic implications of their changing frequency and anatomic distribution (Ghahremani and Dowlatshahi), 321
- segmental colonic resection is an appropriate operation for short skip lesions due to Crohn's disease in the colon (Allan et al.), 611

Craniofacial Surgery
- symposium—progress in craniofacial surgery (Jackson), 327
- three-dimensional imaging in craniofacial surgery (Zonneveld et al.), 328
- recent advances in medical imaging: surgery planning and simulation (McEwan and Fukuta), 343
- cephaloceles: classification, pathology, and management (David and Proudman), 349
- craniosynostosis (Marchac and Renier), 358
- early operation in craniofacial dysostosis (Mühlbauer et al.), 366

facial clefts (van der Meulen and Vaandrager), 373
correction of orbital hypertelorism in Asian patients (Ohmori), 384
hemifacial microsomia (Poole), 396
Treacher Collins syndrome: present concepts of the disorder and their surgical correction (Argenta and Iacobucci), 401
midface retrusion (Ortiz-Monasterio and Musolas), 410
craniofacial trauma (Merville et al.), 419
advances in craniofacial tumor surgery (Jackson), 440
the contribution of microsurgical reconstruction to craniofacial surgery (Jones), 454

Crohn's Disease
segmental colonic resection is an appropriate operation for short skip lesions due to Crohn's disease in the colon (Allan et al.), 611

D

Decision Making
symposium—surgical decision making (Eiseman and Anderson), 239
methods of decision analysis: protocols, decision trees, and algorithms in medicine (Greep and Siezenis), 240
decision making in surgical practice (Clarke), 245
a new scoring system for disease intensity in a surgical intensive care unit (Lehmkuhl et al.), 252
score-aided decision making in patients with severe liver damage after hepatic transplantation (Gubernatis et al.), 259
ultrasonographic screening for abdominal aortic aneurysm: analysis of surgical decisions for cost-effectiveness (Bengtsson et al.), 266
cost-effective diagnostic test sequencing (Eiseman et al.), 272
prospective scenarios: a method of evaluating new decision tools (Dudley et al.), 277
subjectivity in decision making: common problems and limitations (Ravitch), 281
decision analysis in surgical education (Elstein), 287
theoretical surgery: a new specialty in operative medicine (Lorenz and Rothmund), 292

E

Endocarditis
the surgical treatment of infective endocarditis (Mullany et al.), 132

Endoscopy
symposium—progress in gastrointestinal endoscopy (Manegold), 141
dilation therapy of benign esophageal stenoses (Tytgat), 142
prophylactic sclerotherapy in nonalcoholic liver cirrhosis: preliminary results of a prospective controlled randomized trial (Russo et al.), 149
endoscopic treatment of bleeding peptic ulcers (Nakagawa et al.), 154
endoscopic laser therapy in the curative and palliative treatment of upper gastrointestinal cancer (Suzuki et al.), 158
percutaneous endoscopic gastrostomy: indications, limitations, techniques, and results (Ponsky and Gauderer), 165
malignant jaundice: results of diagnostic and therapeutic endoscopy (Soehendra et al.), 171
biliary concrements: the endoscopic approach (Rosseland and Osnes), 178
intraoperative endoscopy of the gastrointestinal tract: clinical necessity or lack of preoperative preparation? (Bowden), 186
emergency colonoscopy (Rossini et al.), 190
complications and hazards of gastrointestinal endoscopy (Habr-Gama and Waye), 193
teaching surgical endoscopy of the gastrointestinal tract (Dent et al.), 202
emergency endoscopy: a basis for therapeutic decisions in the treatment of severe gastroduodenal bleeding (Pimpl et al.), 592

Esophageal Varices
long-term results of hemostatic gastric suture in the treatment of esophagogastric varices (Romero-Torres), 313

Esophagus
appraisal of distal splenorenal shunt in the treatment of esophageal varices: an analysis of prophylactic, emergency, and elective shunts (Nagasue et al.), 92
dilation therapy of benign esophageal stenoses (Tytgat), 142
anastomotic leakage after resection and bypass for esophageal cancer: lessons learned from the past (Lorentz et al.), 472

F

G

Gallstones
surgical intervention following fragmentation of gallstones by extracorporeal shock waves (Teichmann et al.), 317

H

Hernia
symposium—selected topics in hernia (Nyhus), 489
surgical anatomy of the inguinal area (Skandalakis et al.), 490
Cooper ligament repair: an update (Barbier et al.), 499
current concepts in inguinal hernia in infants and children (Grosfeld), 506
the Canadian repair: personal observations (Wantz), 516
new techniques in hernia repair (Bendavid), 522
preperitoneal herniorrhaphy: a historical review (Read), 532
the recurrent groin hernia: therapeutic solutions (Nyhus), 541
the treatment of complicated groin and incisional hernias (Stoppa), 545
the use of the preperitoneal approach for the simultaneous repair of inguinal hernia during surgery on the bladder and prostate (Schlegel and Walsh), 555
herniography (Gullmo), 560
parastomal hernias (Pearl), 569
spigelian hernia (Spangen), 573
the place for pneumoperitoneum in the repair of massive hernia (Raynor and Del Guercio), 581
diagnosis and treatment of genitofemoral and ilioinguinal neuralgia (Starling and Harms), 586

Hydatid Cysts
comparison of the results of different surgical techniques in the management of hydatid cysts of the liver (Demirci et al.), 88

Hyperparathyroidism
differential diagnosis between secondary hyperparathyroidism and aluminum intoxication in uremic patients: usefulness of ^{99m}Tc-pyrophosphate bone scintigraphy (Kinnaert et al.), 219

Hypertelorism
correction of orbital hypertelorism in Asian patients (Ohmori), 384

I

J

K

Kidney
extracorporeal lithotripsy and combined surgical procedures in the treatment of renoureteral stone disease: our experience with 2,955 patients (Rigatti et al.), 765

L
Liver
comparison of the results of different surgical techniques in the management of hydatid cysts of the liver (Demirci et al.), 88
results of treatment of patients with hepatocellular carcinoma with severe cirrhosis of the liver (Fujio et al.), 211
restrictive versus liberal blood transfusion policy for hepatectomies in cirrhotic patients (Makuuchi et al.), 644
operative ultrasound establishes resectability of metastases by major hepatic resection (Brower et al.), 649
central bisegmentectomy of the liver: experience of 16 patients (Hasegawa et al.), 786

M
Melanoma
hyperthermic perfusion with chemotherapy for melanoma of the extremities (Ghussen et al.), 598

N

O

P
Pancreas
colonic involvement in acute necrotizing pancreatitis: results of surgical treatment (Bouillot et al.), 84
pancreatoduodenectomy with occlusion of the residual stump by Neoprene® injection (Di Carlo et al.), 105
severe chronic cephalic pancreatitis: use of partial duodenopancreatectomy with occlusion of the pancreatic duct in 289 patients (Gall et al.), 809
Prostate
progress and problems in screening for carcinoma of the prostate (Chodak and Schoenberg), 60
screening for carcinoma of the prostate: efficacy of available screening tests (Thompson and Fair), 65
Pulmonary Embolism
recurrent pulmonary embolism after inferior vena caval interruption with a Greenfield filter (Richenbacher et al.), 623

Q

R
Rectum
screening for colorectal cancer: a critical review (Hardcastle and Pye), 38
do all colorectal carcinomas arise in preexisting adenomas? (Jass), 45
current status of tumor markers in large bowel cancer (Moore et al.), 52
the role of heredity in the etiology of large bowel cancer: data from the Melbourne colorectal cancer study (Kune et al.), 124

S
Sclerotherapy
prophylactic sclerotherapy in nonalcoholic liver cirrhosis: preliminary results of a prospective controlled randomized trial (Russo et al.), 149
Splenorenal Shunt
appraisal of distal splenorenal shunt in the treatment of esophageal varices: an analysis of prophylactic, emergency, and elective shunts (Nagasue et al.), 92
Stomach
screening for gastric cancer (Hisamichi), 31
lymph node involvement as the only prognostic factor in curative resected gastric carcinoma: a multivariate analysis (Msika et al.), 118
a clinicopathological study of gastric cancer with special reference to age of the patients: an analysis of 1,630 cases (Mitsudomi et al.), 225
the survival benefit of resection in patients with advanced stomach cancer: the Norwegian multicenter experience (Haugstvedt et al.), 617
surgical approach to early gastric cancer with lymph node metastasis (Sowa et al.), 630
the effects of blood transfusion on the prognosis of patients with gastric cancer (Kampschöer et al.), 637
survival after vagotomy: results of the Aarhus county vagotomy trial (Ditlevsen), 776
highly selective vagotomy combined with cholecystectomy: is there an increased risk of diarrhea? (Schein), 782
reoperation following failed fundoplication (Siewert et al.), 791

T
Thyroglossal
squamous cell carcinoma in a thyroglossal cyst remnant: a case report and review of the literature (Colloby et al.), 137
Thyroid
thyroxine suppressive therapy of benign solitary thyroid nodules: a prospective randomized study (Cheung et al.), 818
Transplantation
renal autotransplantation (Flatmark et al.), 206
Trauma
posttraumatic skeletal muscle proteolysis: the role of the hormonal environment (Bessey et al.), 465
modulation of inflammatory reactions by surgical trauma: lack of relationship with corticosteroid secretion (Kinnaert et al.), 478
Tumor
tumoral calcinosis (Prasad et al.), 803
